DT12+

TREADMILL

DT12+

The DT12+ treadmill is perfect to start training at home. It reaches a maximum speed of approximately 12km/h for you to walk or run lightly. Its REACT® technology adapts to you to offer the cushioning you need. Its Bluetooth 4.0 connectivity stands out to synchronize your workouts and send the data to apps like Mybodytone, Zwift or Kinomap.

**DIMENSIONS**
